

This is the edit username page. The elements are overlaying the others.

The screenshot shows a Mozilla Firefox browser window with the address bar displaying `http://lindycity.com/user/25/edit`. The page title is "WELCOME TO THE LINDY CITY" with a population of "POP. 23". The user is logged in as "katmandu057".

On the left side, there is a calendar for December 2008 and a section for "UPCOMING EVENTS" listing:

- Frankies Blue Room (1 day)
- Bluetopia (Blues Dancing) (3 days)
- Jen Zias Trio at Willowbrook (4 days)

The main content area shows the user's profile with "View", "Edit", "Contact", and "Track page visits" buttons. Below this is the "Account information" section, which includes:

- Username:** * katmandu057 (with a note: "Selecting a different theme will change the look and feel of the site. Spaces are allowed, but numbers are not allowed except for periods, hyphens, and underscores.")
- Theme configuration:** A dropdown menu showing "basic:" selected, with a note: "Allow other users to contact you by e-mail via your personal contact form. Note that while your e-mail address is not made public to other members of the community, privileged users such as site administrators are able to contact you even if you choose not to enable this feature."
- Time zone:** A dropdown menu showing "lycity:" selected, with a note: "Select your current local time. Dates and times throughout this site will be displayed using this time zone."
- STARTERKIT:** A dropdown menu showing "sites/all/themes/zen/zen/STARTERKIT" selected.
- zen:** A dropdown menu showing "sites/all/themes/zen/zen/zen" selected.
- zen_classic:** A dropdown menu showing "sites/all/themes/zen/zen/zen_classic" selected.

At the bottom left, there is a "lindy3" signature and a "more" link. The browser's status bar at the bottom shows "Done".

This is what the edit content page looks like. There are missing elements.
