

# Become a Drupal SUPERHERO!

Cut out the Druplicon and the indicated holes, but leave the nose and mouth intact! Run a piece of string through the two holes and behind the mask. Then tie it behind your head. Now take a bold stance, take a picture and upload it to [Drupal.org](http://Drupal.org) for laughs. Ask a grown-up for help if needed. Print at 60-70% for child size.
